Ref. No. : MDC / UG | 1840

Date: 03.11.2020

CIRCULAR

In view of the current COVID – 19 pandemic situation, all the students were told to go back to their respective native places in March 2020. As per the information, the UGC had given instructions to reopen the Degree Colleges from 17th November 2020. However, we have not got any information from National Medical Commission (NMC) - *which is the Regulatory Body of Medical Colleges*. As soon as we get the permission, all the UGs are required to join the college.

In view of this the KAHER has taken the decision to have following requirements;

- All students need to compulsorily produce COVID – 19 Insurance of 9 months' duration. Please note that without this the students shall not be permitted to enter into the campus.
- Students should be prepared to take Internal Exams / Prelims (Onsite / Online) by last of week of November 2020 or 1st week of December 2020. They are requested to take a note and prepare accordingly.
