Venue-

**Dr B S Kodkany Hall on 1st Floor, KLE Centenary
Convention Centre, JNMC Campus, Belagavi**

Dear Colleagues/Friends

It gives us immense pleasure to invite you for the 21st National Seminar entitled ***“From the ‘new normal’ to a ‘new future’- A sustainable response to COVID -19”*** under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch. This National Seminar will focus on scientific discipline of Covid Pandemic including its immunological, mental, psychological and natural perspectives in consideration of global Pandemic. Eminent faculty in the respective fields will deliver the lectures.

The world is experiencing an unprecedented challenge due to the coronavirus disease (COVID-19) pandemic.

The alarming state of chronic disease and health inequities exposed during the COVID-19 pandemic has been a wake-up call for people outside the medical community. There is a growing need for people to commit to making lifestyle changes to help prevent ill-health conditions. However, patients are often uncertain of what changes they should make to improve their health and well-being.

We see an increase in severity of COVID among those who are unhealthy and have comorbidities. The same lifestyle issues that increase chronic disease risk also hamper immunity. Underlying good health is key to better outcomes.

We hope this National Seminar will continue with objectives of helping Medical Professionals as well as general public to understand, empathize, and take prompt actions to help our community deal with the current pandemic. The core aim of the conference is to provide an opportunity for the delegates to interact, seek and exchange new ideas in the various scientific areas of current Pandemic issues.

Looking forward for your active participation.

With Regards,

Dr. Vijaya S Dandannavar
Organizing Chairman , President
APPI Belagavi Branch
