# Brief Report of Yoga and Wellness Capability Enchancement Scheme

"Psychology-101: Mental Wellbeing & Rejuvenation"

Psychology -101: Mental Wellbeing & Rejuvenation was conducted from 21/1/2023 – 11/2/2023 (Saturday;2pm to 6pm) in the Department of Pharmacology, J N Medical College, KAHER for 1st year MBBS students (with 200 students as strength of class). It was attended by an average of 160–180 students on all four weeks. Dr. Nayana Hashilkar, Head of Pharmacology Department, and Dr. Anupama M. G conducted it.

Week 1: The first resource speaker on the subject of "stress busters; adopting good habits for healthcare" was Dr. Vinayak Korpade, Associate Professor, Department of Psychiatry. This was followed by a group discussion with four invited alumni of this college. Dr Balasubramanian, Dr Pranav Adhyapak, Dr Ajay Kumar, and Dr Ayushi Sarkar. The major topics of discussion were how to manage study-related stress in professional environments and how to avoid developing negative habits because of social/peer pressure. Week 2: Dr. Ravindra Honnungar, Professor, and Head of the Department of Forensic Medicine, spoke about elements of drug abuse. Sir also shared stories of substance abuse victims in order to raise awareness among students. The session included celebrity interview videos, news clips, and various documentary stories based on true events. Week 3: Professor of Pathology Dr. Sunita Patil gave a talk titled "Thrive, Don't Survive: Life Can Be a Race, But You Are Not Broken Anda." Madame provided interactive instructions on how to handle any issues that students might encounter on or off campus. Study Skills Inventory, created by Dennis H. Congo, was used in an interesting assessment session led by Dr. Nayana Hashilkar. The six essential study skills listed in this inventory are: note-taking, memory, exam preparation, focus, time management and Textbook reading. There was a student activity on Ted Talk on "college drinking; alcohol

and substance abuse in students' life," which provided a forum for students to express their opinions on the subject in a free and open manner. **Week 4:** This week's lesson focused on emotional intelligence and mindfulness. **Dr. Yasmin Nadaf,** Professor, and Head of the Psychology Department led the session, which included exercises for the students to identify facial expressions and determine their emotional quotient.

The last activity for the students was a poster competition with the theme "hidden hazards of substance addiction." The competition featured participation from about ten groups of students. **Dr. Sumati Hogade,** a Professor in the Department of Microbiology, judged the competition. The winners received certificates. The posters were incredibly imaginative, significant, and colorful. This suggests that the students have a thorough understanding of the risks associated with drug abuse and alcohol.
