Overview of Language and Communication Skill Development Program – English Language Teaching Program

Objective of English Language Teaching Program

- To increase moral of students in English Language and remove fear of English.
- Personality Enhancement
- To boost communication among students and faculties in English Language

Brief Report :

The KAHER School of Allied Health Sciences conducts English Language Classes for B.Sc Allied First Semester students. Two classes of 1 hour each are conducted per week. Total 20 classes are conducted in first semester.

The English Classes are aimed to encourage students to learn and explore English language . It is also aimed to improve the communication skill of the students in spoken English also. Education is very important to improve yourself but learning English also improves the quality of life. Good English is not only classy but possibility to continue studies and specializations in best universities in country increases with good English communication skills. Students have access to jobs that they could not even take into consideration. Students usually coming from rural background or who have undergone schooling in local vernacular language will benefit from these English classes. English language is able to knock down a lot of barriers , including cultural ones. Students are provided guidance like how to improve English vocabulary, how to find good literature to read and importance of English writing to learn about the language . Students are motivated to increase their command over English speaking and remove stage fear while speaking in English.

Expected Outcome

Student will be able to:

- Understand the importance of English Language in effective written and spoken communication
- Effectively communicate in English Language
