

ANNEXURE - 1

SR.No	Faculty Name	Publication	Pubmed Indexed	Scopus
1	Dr. M S Karishetti (Khanpet)	1. Case Report: Acute movement disorder with bilateral basal ganglia lesions in diabetic uremia	Pubmed DOAJ EMBASE CENTRALS	Scopus
		2. Clinicomicrobial assessment of urinary tract infections in a tertiary care hospital	DOAJ	
		3. Relationship Between Femoral Artery Intima - Media Thickness And Atherosclerosis In Patients With Chronic Kidney Disease- A One Year Hospital-Based Cross- Sectional Study		
		4. Prevalence and clinical correlates of depression in chronic kidney disease patients in a tertiary care hospital	Pubmed DOAJ	Scopus
		5. Uncommon dyselectrolytemia complicating Guillain - Barre syndrome	Pubmed	
		6. Subtle renal dysfunction after radiocontrast administration in prospective renal donors: Dose N-acetylcysteine have a role in its prevention?	Indexed	
		7. Is carbon dioxide a safe and good alternative for diatrizoate meglumine as a contrast in digital subtraction angiography?	Pubmed	Scopus
		8. Reversible electrophysiological abnormalities in acute secondary hyperkalemia paralysis	Pubmed DOAJ EMBASE CENTRALS	Scopus
		9. Fifteen Years Experience of Treating Atherosclerotic Renal Artery Stenosis by Interosclerotic Nephrologists in India		Scopus
2	Dr. Ritesh Vernekar	1. Role of color doppler assessment in predicting outcomes of wrist brescia-cimino arteriovenous fistula creation: A single-centre prospective study		
		2. Staged buccal mucosa urethroplasty in reoperative hypospadias		
		3. Management of ureteric avulsion during ureteroscopy: our experience in a case series		
		4. Study of risk factors in progression of chronic kidney disease(CKD)		
		5. Acute urinary retention in pregnancy		
		6. Evaluation of factors affecting wrist radio-cephalic arteriovenous fistula maturation: A single institutional observational study		
		7. Vascular Factors affecting outcomes of snuffbox AV fistula with side-to-side Anastomosis:A single institutional observational study		
		8. Laparoscopic hemi/partial nephrectomy in children with ureteral duplication anomalies		
		9. Extensive emphysematous pyelonephritis in association with hepatic portal venous gas and emphysematous gastritis: A Rare case		
		10. Study of risk factors in progression of chronic kidney disease(CKD)		
		11. Assessment of rifle criteria in acute failure in hospitalised patients		
		12. Single : dorsolateral onlay buccal mucosal urethroplasty for long anterior urethral strictures using perineal route
