Dear Colleagues,

It gives us immense pleasure to invite you for the 24th APPI National Seminar on the theme “**From Neurons to Actions: Decoding the Cognitive and Behavioural Nexus**”, under the patronage of Association of Physiologists and Pharmacologists, Belgaum Branch. Cognitive and Behavioral Neurosciences is a multidisciplinary area governing interactions between synaptic interactions to neural networks to coordinated behaviors. It encompasses knowledge from physiology, neuroscience, and psychology. Through this seminar an effort is made to create an interactive environment through demonstrations and provide access to state of art research through plenary sessions.
